$115,000	~520 m² (744 varas²)	~19 × 33 m	West	$337,000

Photos taken on the C slope (lots C1 to C3), October 2026. Real, unedited land.

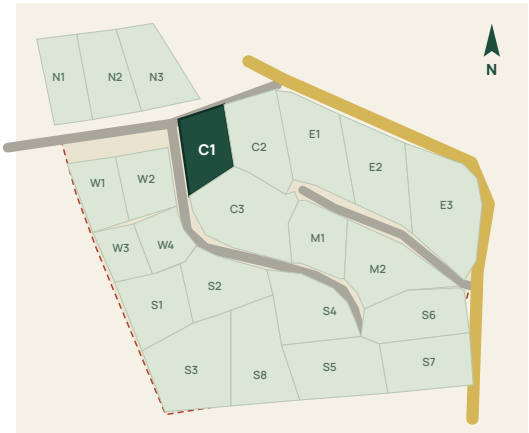
About this lot

Lot C1 sits in the centre block of The Sanctuary, about 520 m², roughly 19 by 33 metres, on the slope that looks across the valley towards the sea. It is reached from the internal road.

The street side faces west, so the front gets the afternoon sun: plan deep eaves or keep trees on that side. As an inland lot, the east trade wind arrives filtered by the neighbouring lots and trees. Mature trees on and around the lot are kept where possible.

The Hillside House and the Modern Glass House fit this lot.

Where it is on the site



North is up. The gold line is Crawfish Rock Road; the concrete access road is grey.

Your home on this lot

Hillside House

Two storeys on stilts, gable roof, wrap-around deck, plunge pool, about 140 m² inside.

$338,000 to $468,000

lot, house and closing costs, all in

Modern Glass House

Two storeys, double-height glass stairwell, carport, about 170 m² inside.

$337,000 to $485,000

lot, house and closing costs, all in

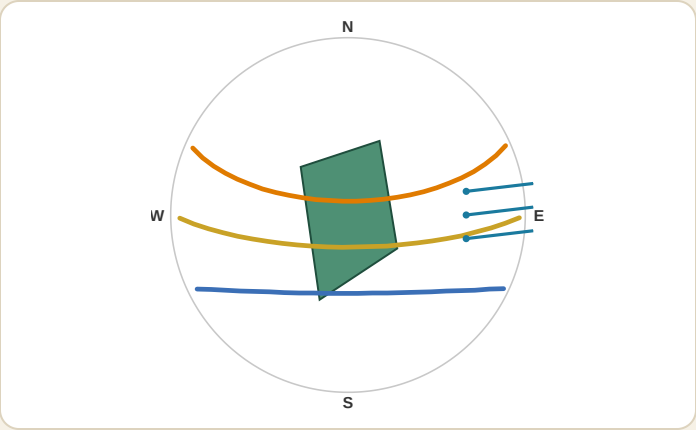
Pool Villa

Three levels down the slope, wrap-around decks, infinity pool, about 200 m² inside.

Needs a lot of 650 m² or more

All-in ranges add the lot price, the build at about $969 to $1,615 per m² (published local figures) with a hillside and soft-cost allowance, and 4 to 7% closing costs. Indicative, not a quote. Renders from the developer's billboard; designs can be adapted, or bring your own architect.

Sun and wind



21 June · March and September · 21 December · Trade wind

	SUNRISE	SUNSET	NOON SUN
21 June	05:16	18:19	83° to the north
20 March	05:52	17:55	74° to the south
22 September	05:37	17:40	74° to the south
21 December	06:11	17:17	50° to the south

Street side faces west: afternoon sun on the front, so shade that side with deep eaves or trees. Open the house to the east for the trade wind; on this inland lot it arrives filtered by neighbouring lots and trees.

Roatán is close to the equator: the sun passes almost straight overhead in early May and early August. The trade wind blows from the east most of the year.

Climate on Roatán

Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
28°/21°	28°/21°	30°/23°	30°/23°	31°/24°	31°/25°	31°/24°	32°/25°	32°/25°	30°/24°	29°/22°	28°/22°

How holding a lot works

1. **Hold.** Tell us you're interested and we hold the lot while your lawyer reviews the documents.
2. **Lawyer review and deposit.** Your own lawyer checks title and documents. A deposit secures the lot.
3. **Contract.** The purchase contract sets price, dates and conditions, signed electronically.
4. **Closing.** Before a Honduran notary, directly or by taking over the company that holds the lot. No need to fly in.

Documents for this lot
